

Care Managers help individuals obtain a level of care assessment to get into treatment and strive to follow individuals throughout treatment and early recovery in the community.

Care Managers help individuals access medically assisted treatment (MAT) if appropriate, and motivate and encourage individuals to stay engaged in physical and mental health treatment.

Care Managers help individuals find stable employment and housing, and re-establish family/community relationships.

**What is the Center of Excellence?
(COE)**

The COE provides care management services to help individuals get into treatment, successfully complete treatment, and gain and remain in recovery from addiction to heroin and opioids.

.....

COE staff have extensive knowledge about resources in the Lehigh Valley to help individuals battle addiction to heroin and opioids.

.....

The COE is funded by the Pennsylvania Department of Human Services.

Who can be served by the COE?

Individuals served:

- Are over the age of 18
- Have an opioid use disorder
- May have co-occurring behavioral and physical health conditions
- Need help to navigate the care system
- Need guidance to stay engaged in treatment to avoid relapsing
