CORONAVIRUS PROTOCOLS

ADMISSIONS FOR ALL TTI PROGRAMS:

At time of referral over phone:

Screening questionnaire:

1. Are you experiencing a fever, cough, or shortness of breath?
2. Have you traveled outside the U.S. in the last 14 days?
3. Have you traveled to a region in U.S. with a known COVID-19 outbreak in the last 14 days?
4. Have you been in close contact with anyone diagnosed or suspected of being positive for COVID-19 in last 14 days?

- **If individual answered yes to any questions, medical clearance must be provided by individual and/or referring agency.**

At time of entry into facility:

Screening questionnaire to be administered once again

Front desk personnel while wearing mask and gloves will take temperature

- If temperature of 100.4° or higher the referral will be provided with a surgical mask and sent to the hospital via non-emergency ambulance or own transportation. While awaiting transportation, the person shall remain in an isolation room with the surgical mask on.
- If individual answered yes to questions 2-4 and no fever is present, a medical review must be initiated with medical director prior to admission decision being rendered.
- For any suspected positive cases COVID-19, the referral admission will be denied. Referral source will be contacted and responsible for placement of individual.
- At Confront, TCAP, and COE, any individual exhibiting symptoms will be instructed to seek immediate medical attention and provided with a surgical mask.
- At Confront, TCAP, and COE, signs are posted on doors stating please do not enter and seek immediate medical attention if experiencing any COVID-19 Symptoms (listed on sign).
